*Book topic: Frankenstein*

## **Disclaimer**

This work is a fictional retelling inspired by Mary Shelley's 1818 novel 'Frankenstein.' All characters, events, and scenarios depicted herein are products of imagination and literary interpretation. Any resemblance to actual persons, living or dead, or to actual events is entirely coincidental and unintentional.

This narrative is presented for entertainment and literary purposes only. The scientific concepts, medical procedures, and philosophical arguments referenced within the story are fictional and should not be construed as factual scientific information or medical guidance. Readers should not attempt to replicate any described scientific experiments or procedures. For matters of health, medical treatment,

or scientific inquiry, please consult qualified professionals and peer-reviewed academic sources.

The themes explored in this work—including grief, despair, revenge, and moral transgression—are mature in nature. While this retelling does not contain graphic violence or explicit content, readers should be aware that the narrative involves psychological suffering and tragic outcomes. This work is intended for mature audiences and should not be considered a substitute for professional mental health support should readers experience distress.

First edition, 2026
